Capacity Audience Applauds New SMC Film Production

Plans For Prom Weekend And Skits In Full Swing

By LOUIS J. PANAKIO

Since it became definite that the sensational baton of Tommy Tucker would wave at the annual Junior Prom, and Senior Weekend, May 4-5-6, at Memorial Auditorium, more focus has been placed on the Skits and Parade of Horribles, to really round out the schedule for the rest of the weekend.

Ed Leavy, senior chairman, has appointed Bob Mahoney and Chub Helfrich to resume responsibility for the Parade of Horribles and Skits, respectively. Helfrich in turn has appointed men from each class to gather together the local thespians, pool their ideas, and come up with what we hope, a Darryl F. Zanuck production. Leading the frosh, we find Al Corey from the flats; the Knights and Knaves' Frank Barrett will head the sophs; Louis Panakio with the Juniors; and last but not least, the Seniors will be under the generalship of Don Hayward.

SKITS TOP SECRET

At the present moment, the essence of each skit still remains a top secret, but you can be assured that each one will vary. The seniors won last year with their version of "South Pacific," and chances are that they will be shooting for the moon again, but according to reliable information the competition is keen.

Together with Tommy Tucker, the Skits and Parade of Horribles, the Junior Prom and Senior Weekend is expected to be the best yet. What more could one ask for?

FAMOUS PIANIST TO SOLO IN BURLINGTON

Eugene List, the internationally famous pianist, will be guest soloist with the Vermont Symphony orchestra Sunday afternoon, April 29, in the Burlington Memorial Auditorium.

Alan Carter, musical director of the Vermont orchestra, has received a letter from List saying he would be delighted to play with the State symphony.

List was soloist last month with the New York Philharmonic orchestra and it is considered likely that he will play for the Burlington audience the same selections that he offered for the New York and radio audiences.

The Vermont symphony has played many times in Burlington in regular concerts and in a "pops" series, but the appearance of List is expected to bring one of the largest crowds in the history of the orchestra.

ST. LEO'S LEADS IN BLOOD DRIVE

The American Red Cross put out a call this month for blood donors from St. Michael's College. As seen in previous issues of the MICHAELMAN, the blood is to be collected by the Red Cross April 30 in Austin Hall. In response to this call, Michaelmen have been working to secure students who will give their blood. St. Leo's Hall leads the rest of the halls on campus with a 31.4% response to the call. Ryan Hall I is second with a 25% response. Ryan Hall II is running a close third with 24.5% response.

FILL OUT CARDS

Students are again reminded to get their application cards from their hall representatives. This card must be filled out and returned to the representative by April 23 so that the Blood Committee will have ample time to draw up an appointment list for each student on campus who intends to give the blood when the Bloodmobile is on campus.

The students under 21 must get the signature of their parents or guardians before being accepted. The students will be notified personally through the mail as to when their time will be to give the blood.

120 PINT QUOTA

The quota for the Bloodmobile is 120 pints a day, of this, 15 pints go directly to Korea, 50 pints go to the local hospital, and 55 pints will go to make up the stock pile of blood for national defense.

VA Gives Survey On Job Prospects

A new survey of job prospects in a defense economy is being used by the Veterans Administration in counseling veterans planning to take education or training under the GI Bill or Public Law 16, Charles S. Rising, Chief of the Vocational Rehabilitation and Education Division of the Veterans Administration Center, White River Junction, Vermont, announced today.

The survey describes the employment outlook in 91 occupations, many of which have undergone marked changes as a result of America's defense efforts. The jobs range from accountants and acetylene burners to watch

Join the Army Of Christ!

By DAN JENNINGS

With all the talk nowadays of mobilization, enlistment and training there is one phase we have overlooked completely -- the most important one of them all -- the training of men for the Priesthood and the religious life. This was brought to our attention, by the publication this week of a new booklet "Enlist in Christ's Priesthood," compiled and edited by Rev. E. P. Galligan, Vocational Director of the Society of St. Edmund. The attractive and colorful cover of the booklet is the work of Pro. Marvin Chachere, S.S.E., Class of '50. The purpose of the booklet as expressed in its opening caption is "to help those young men who are honestly attempting to find the correct answer to the very important question of vocation." A splendid presentation of the correct attitude on vocations in relation to the present emergency is given. This is a question that should be clear not only in the minds of young men who desire to enter seminaries and novitiates at this time, but it is one which we should all understand.

The various branches of service in which the Fathers of St. Edmund are engaged are described.

It is planned that sometime in May, there will be held on campus a Vocational Sunday. Father Galligan will preach at all the Masses on this important topic, particularly as related to the Society of St. Edmund.

Movie Will Be Shown In Eastern High Schools

K and K Rehearse "As You Like It"

The Knights and Knaves Dramatic Society are working (so they say) night and day, through sweat and under strain to complete and perfect their production of "As You Like It," by one William Shakespeare. The play will be presented in Austin Hall sometime in the near future. The exact date has not been disclosed as yet due to various and sundry reasons known only to the K & K Moderator, Rev. Edward Tinning, S.S.E.

The cast which will produce the merry episodes in the mythical Forest of Arden includes many talented people from Trinity, St. Michael's and the Burlington Metropolis.

Miss Jane Denicore of Burlington, formerly of U.V.M. will play the part of Rosalind. Opposite her will be Orlando, the lover, played by John Swift.

Touchstone, the comic of the play and one of the Master's immortals will be portrayed by Al Castellana, a junior at SMC. Ed (The Ghost) Ruest will handle the part of the banished Duke Senior with all the talent he is known to possess. Others in the cast will include Pat Stanciliff of Trinity, Bill (Scoops) Kennedy of SMC and George (The Rave) Filteau. The exact date of the play will be announced in next week's issue of the MICHAELMAN.

Joe Shea

Last Tuesday night an expectant and enthusiastic audience filled Austin Hall to witness the premiere of "Life at St. Michael's." Though the celebrities, searchlights and fanfare of a Hollywood premiere were missing, there was nonetheless, an air of tenseness and excitement seldom witnessed on the campus. The long awaited night was at hand and the fruits of three years of labor were to be tasted.

The College Band under the able direction of Bill Cofrances, lent an air of festivity by their fine rendition of the Fight Song and two other marches. Rev. Gerald Dupont, Dean of Studies, prefaced the movie by relating some of the more interesting and humorous incidents encountered by the producers and outlined the purpose of and future plans for the movie. The audience consisting of trustees, faculty, students and friends of St. Michael's then settled back to witness what is expected to bring future generations of Michaelmen to the Hilltop. The eighteen minute color feature was run off and at its conclusion the applause was as deafening as it was spontaneous. The general reaction to the movie was more than favorable and everyone felt that for an amateur production the results approached the perfection of a professionally produced film.

When the audience finally quieted down, Very Rev. Daniel P. Lyons, president of the college, echoed the sentiments of everyone present by acclaiming the film as an example of what can be done with initiative, ambition and cooperation. He cited each and every one who had worked so tirelessly to bring the movie from the germ of an idea to the perfection of its reality and the audience was more than generous in their recognition of the time and effort entailed by the production of a truly great "Life at St. Michael's." The producers have reason to be pleased because they satisfied the harshest critics of them all, the Michaelmen.

THOMISTS MEET

Meeting of all Phil Club Members, very important. Business to be discussed. April 16, 1951

1. Constitutional Amendment.
2. Banquet for members. (All members who are going should be there at this meeting.)
3. Nomination of Officers for next year.

SAC Debates Student Opinion On Draft

By Christopher Carey

The big issue at the weekly meeting of the SAC last Monday night centered around the substance of a letter read by Bill Kenny concerning the recently proposed drafting program. This plan, introduced by General John Hershey, favors the deferment of high school and college students whose marks are in the upper half of their class or who can achieve a passing grade in a special aptitude test. Kenny's letter is reproduced here in full:

"Whereas the present situation demands long-range planning; whereas our national strength lies in our scholastic and technical know-how; whereas we will still be called upon to

75 Mikemen Leave For Boston Meet

Seventy-five SMC students are attending the Fifth Annual Regional National Federation of Catholic College Students Convention in Boston this weekend. The conference is being held at the Hotel Copley Plaza. The delegates will also meet at Boston and Emmanuel Colleges.

Three St. Michael's groups are sponsoring panels at the convention. The Labor Club is under Chairman William J. Kenney. Timothy Murphy, President of the SMC Student Council, and Rev. Charles McIsaac, formerly of the college faculty are speaking on Student Government.

It's Up To You

If you are between 18 and 26 and a non-veteran you should be thinking. The latest draft rules call for you to get in the upper brackets of your class or to take a test to determine if you stay in college.

This test, to determine who shall be deferred, applies primarily to freshmen. Upper classmen attaining the deferment grade would also have to be in an, as yet, undecided top portion of their classes. Veterans and those over 26 would be exempt.

Opinions as to the justice of the test vary from total agreement to total rejection. The test seems to favor the student who has been gifted with more intellectual capabilities than his fellow students. It seems to favor the boy who is fortunate enough to go to college, with the boys who go out into the world almost a cinch for the army. The test, however, should give the student more incentive to study. It is only a deferment, not an exemption.

Just how this test will affect the student remains to be seen. Draft quotas have been lowered but the future need still remains. Where will you be next year? The need for drafting some college men is clearly seen. Even if it weren't, these men would have to be taken to prevent mere hiding in college. But where will the cut be made? It would be highly impractical to totally drain the colleges.

If such should happen, the country would be without capable leaders in the future. This is not to say that all capable leaders are college products or that army training and combat are a detriment to leadership.

This just means that each student must start thinking, if he is to get any place at all. Maybe you belong in the army; maybe you belong in college. The decision, as it now stands, can remain with you. How will you profit from the proposed army exam?

This exam is to weed out college men for induction. If you do not have the necessary qualifications to be exempted from the test you can help yourself remain in college.

Of course there will be some who will not pass, but will this number prove adequate for defense needs? Or will this number exceed the quotas? How then will induction be carried out? If the number is not adequate, the college may be further drained.

It stands to reason that all non-college civilians cannot be inducted. The government can only turn again to the colleges. Or, if the number exceeds the quota, who again will be exempted? Will you be inducted because your name is in the upper half of the alphabet? Or because you are 18½, rather than 18.

It is clear that all leaders are not produced by the colleges. The army will fulfill some of these needs but what of the soldiers who are thrown into positions for which they are at least partly unsuited? Of course all these cannot be avoided. Still where does that leave you? Think! Now!

All students should be keenly aware of their futures, particularly at this time. If you seek readmittance to college after an army term, how will your future be affected? This is not to say that you cannot profit by your college work. This should aid you in any army service. This, with army service, may be adequate for your future but many will turn again to college. Think!

This is not to say that the test system is wrong. Certainly there could be far worse, but at least it is a solution until Universal Military Training can be established or rejected.

You have your views but how are you going to apply them? Now is the time to scan the future. It will affect you greatly. The future can't be delayed.

Trustee To Speak At Breakfast

Plans have been completed for the forthcoming annual Communion Breakfast to be held at the Hotel Vermont on Sunday, April 22.

Co-sponsored by the Mission Crusade and Sodality of the college, this breakfast is a highlight in campus spiritual activity for this year.

Guest speaker at the breakfast will be the honorable Harold I. O'Brien, prominent Catholic layman and equally famous District Judge of Rutland. Judge O'Brien is also an associate trustee of St. Michael's.

Preceding the breakfast, there will be a High Mass at 7:30 in the college chapel. Rev. Leon Paulin S.S.E., moderator of the Sodality will celebrate the Mass. The breakfast will follow at 8:45.

All are invited to attend! Tickets are already on sale and may be purchased from Bill Doyle (Ryan 329), chairman of the ticket committee or from Fr. Paulin, Fr. Boucher or John Trotter. Tickets are one dollar per person.

Buses will leave from the Dining Hall immediately after the High Mass.

Large Audience Lauds "Much Ado"

Last Monday night, April 9, at Austin Hall, Players Incorporated presented "Much Ado About Nothing," before a large audience. Sponsored by the St. Michael's Knights and Knaves Dramatic Club, this play proved to be an enriching bit of diversion for all who attended.

The production was well staged and the diction of the cast was especially excellent. The plot of Beatrice and Benedick was handled capably and proved to be true high comedy as contrasted with the low and equally pleasing comedy of Dogberry. The stage itself was small but adequate for the needs of this versatile group. Overall their efforts were well received and the audience left savoring the retorts and sharp wit of the Beatrice-Benedick plot.

Casualty List

Jack Nodine alias "The General," former Circulation Manager of the MICHAELMAN is now in the Homer Folks Hospital, Oneonta, New York, under observation for tuberculosis. Jack left for New York three weeks ago after a result of an X-Ray taken in the College Sick Bay. According to all reports, Jack is progressing as well as could be expected.

Jack is a Sophomore at St. Michael's, and is enrolled in the Pre-medical Course. He hails from East Jewett, N. Y., and while at school lived in St. Pat's. We will know when he is back on campus when we hear the click-clack of the steel caps which were on his shoes, distinguishing him from any other student.

Also making the headlines this week under "casualties, per se" is Miss Mary Polworth, Secretary to Very Rev. Daniel P. Lyons, President of the college. She took a corner too fast last week and as a result ended up with a broken shin-bone. She is now in Fanny Allen Hospital probably cursing all new shoes and waxed floors in general.

Monday night, Prof. T. H. Harwood, assistant dean of the UVM medical school, will speak on "Socialized Medicine." The open meeting will be at 7:30 in Chera Science Hall.

HILL WIND

By Stanley Sigel

Question: Do you think that the R.O.C.T. will be of value at St. Michael's?

DON SLAVEN '52

BEVERLY, MASS.

I think that an R.O.C.T. unit would be of great value to St. Michael's. It will enable the college to maintain the present high scholastic standings. The athletic department will be able to continue its expanded sports program. The new facilities, such as the new dorm, the Science Hall and the athletic field which have been made available for us, will still continue to be used without interference.

FRANK COTTER '52

SOMERVILLE, MASS.

Yes, I think it would be of great value, both for the students and the school. As for the students it would supply

valuable training opportunities which would lead to better officers. It would also leave those in good standing to be draft exempt. These trained men will carry the name of St. Michael's wherever they may be.

LOUIS DURSI '54

LARCHMONT, N.Y.

The R.O.T.C. will be of value at St. Michael's primarily because, it permits a student to receive an education, and at the same time receive a military training which will aid him if he enters the service after college. Present legislation, however, in regards to "Deferment Plan" may be of greater value to the college student.

Campus Static

By O. J. MURPHY

"All right you guys, get that lead out!!!" These were the first words that came echoing across the campus as the football team got outside for the first time last Sunday. The baseball team is also doing a little bit of running. They look like a little bit of Boston out there!! (Yawkey's part of Boston, that is, Mr. Sports Editor.) There has only been one major casualty during the past week ... Mary Polworth, Fr. Lyons' secretary, fell and broke her shin bone last Monday. On the sports scene, we might as well mention the ping-pong tournament that is coming up soon. ... Several new faces have been showing-off their athletic prowess in the cellar of Ryan Hall lately in preparation for the big event. Among them are George Lavalley and Andy Scanlon.

Fr. "J. Edgar" Larkin kind of "fouled up" the boys in St. John's one night recently with his DOUBLE CHECK, but still no one can figure out how Dave Mullin could have been in bed one minute, and then dressed and coming in the door the next. It'll take a real F.B.I. man to figure that one out. "Moon's" no "dummy!!" Word has it that Cupid's arrow has boomeranged as far as Don Slaven and Herbie Baker are concerned, but as far as Dick (the Jersey kid) Gleason is concerned it was only a full nelson that backfired. "City-y! City-y!" On the other hand, however, Andy Fisher has parted with his ring once more. Why don't you get together boys and send your stories in to "My True Story?"

There ought to be a few Hogans coming out of this year's golf season in Vermont if the showings of Jim Plunkett, Art Kiernan, and Art Charlebois thus far are anything to go by. They, along with all the other Fazios and Mangrums, have really been putting their hearts into the game out there since the snow left us.

George Canney has discovered a "new-new-ism" and will gladly explain this to all. He was seen orating it after hours recently on the roof of Ryan Hall. St. Pat's Hall has had its day, and "The Horribles" have their day, but the "Bastille" also has a day to remember coming up. In remembrance of this great historical event, they have been working hard of late, in a local den of iniquity, on a Shakespearean duet, starring Joe Savage and Bill Senecal. Don't forget the Junior Prom!!! Get a date this weekend in Boston if you haven't one already!!!

"... THAT TEST COMES BACK"

Weatherman Halts Practice Opener Only Two Weeks Off

By Frank Hoben

The baseball team continued its indoor workouts this week as the weatherman threw a blanket on Coach Jacobs' plans for outside drills. A loosening-up session on Sunday morning was the only opportunity for the close to forty candidates to get the feel of those spikes once again. With most of the time again being spent in the Gym, the battery candidates came in for a great share of the work.

PITCHERS BATTLE SEEN

The number of pitching aspirants has grown to sixteen and it seems a certainty that varsity holdovers will have plenty of competition on their hands once the weather clears up and the squad takes the field. Lurking as major threats to the lettermen are Hervie Gardner, a highly rated Southpaw, Lou Andreotta, up from the Frosh, and Bob (Red) Donovan.

Donovan made a strong bid for a regular job last year before losing out but may make it this time. He is a Junior. Andreotta, a New Jersey High School star in '49, was a ball of fire as a Freshman and should show more with the added experience. He could well be a key figure in the Knights plans this season. The four experienced hurlers, Joe Palermo, Jim Devaney, Ray Doherty and Goose Gosselin, are all right-handed, so it would seem probable that Gardner and Big John McIntyre will be given plenty of chances to make good - thereby anchoring the club with valuable port-siders.

Other candidates are Ed Keating, Roger Blanchard, Ray Brault, Charley "The Whip" Smith, Dick Curry, Stu

Harrison, and Hank Witte and Eddie Nolan of basketball fame.

CATCHING JOB OPEN

The catching positions should also bring about some "dog eat dog" battling. As indications of this a couple of potential infield regulars have turned their eyes towards the mask and mitt department. The two, "Harvey" Jim Garvey and Dixie Walker, have comparatively little previous experience but are willing to give it a try. Jack Smith still looks like the top man.

Andy Scheer, the football guard, Tommy McDonough, the jack-of-all-trades Sophomore Bill Robb, Jack Temperelli, Fran Maloney and Bells Belliveau are other hopefuls.

At the moment three men are going through Spring football drills, but outfielders Jack Heggarty and "Sugar" Whelan and infielder Ken Casperson will join the diamond performers as soon as the sun pops out.

St. Michael's College has lost only one football game in state competition during the last three years.

Pictured above are five catching candidates who will be seeking a berth with the Jacobs' nine. Left to right are: Bob "Belle" Belliveau, Bill Robb, Tom McDonough, James "Dixie" Walker and John Temperelli. Not pictured with the catcher aspirants is veteran receiver Jack Smith.

Inclement Weather Proves No Barrier To Spring Footballers

By Bill Keogh

Previews of coming attractions: St. Michael's College football team of 1951. Surely an attraction next fall will be the Purple Knights' gridders who won the Vermont State Championship last year. The preview can be seen daily here on campus, either in the gym on rainy days or out on the athletic field when there is no "heavy dew".

A total of 49 players turned out in response to Coach "Doc" Jacobs call. Of this number, 44 are veterans of either the varsity last year or the Freshmen. The 24 returnees from the '50 squad are led by backs Frank Simas, Jack Heggarty, Pete Plourde, Ken Casperson, and Art Coggio, to name a few. Among the Vet linemen are Johnny Provenzano, Bob Kateley, Dick Stokes, and John Houlihan. These men aided the Knight's cause last season in compiling a six win one loss record.

Outstanding stars coming up from the ranks of the Squires are Paul Crotty, Paul Landry, Joe Tricario, Bob Leahy, and Lou Siclari. The Frosh last season ended up with a 3 and 0 record.

Backfield, Coach Jacobs and line Coach Bill Piscione are being aided by Dick Klaess, Joe Hermans, and Jim Whitlock. These aides will graduate this June and leave behind them a worthy foot-

ball record. Klaess, last season's centre, is tutoring the candidates for that position. Hermans and Whitlock are giving instructions to the other linemen regarding line blocking and charging.

Jacobs is assuming the role of an idealist with his wealth of talent for next year's team. Instead of wearing the Purple and playing for "Doc's" team, some of these athletes may be in khaki and on Sam's team. We're all keeping our fingers crossed.

St. Michael's College championship eleven had three honor students among its starters; quarterback, Ed Krupinsky (Springfield, Vt.) tackle, Jim Whitlock, (Charlestown, Mass.) and end, Harry Young, (Brushton, N.Y.)

INTRODUCING

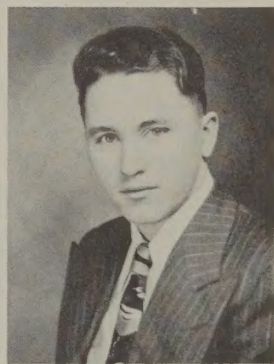

DICK FITZGERALD

The first member of this year's nine to rate an introduction is the hard hitting, smooth fielding first baseman, Dick Fitzgerald.

The boy from Schenectady, N.Y., made quite a name for himself at Christian Brothers Academy in Albany where he played four years of Varsity baseball and football with two years of Varsity basketball thrown in. His greatest thrill came when he was selected to play with the U.S. All Stars against the N.Y. All Stars at the Polo Grounds in '46.

Dick matriculated at St. Michael's in September of '47. After a great season as a freshman, Dick moved up to the Varsity and has been a regular ever since. Versatility is his middle name as is proven by the fact that he performed capably in center field during his sophomore year, since "Dizzy" Dean was holding forth at the initial sack. Last season he moved back to the infield and proceeded to lead the team at bat with an average of .304. With two years of Varsity ball behind him, Dick hopes to make his last season his greatest yet.

SIDELIGHTS

Dan Tarpey (above) chairman of the NFCCS Paper Drive on campus acts as unofficial "paper boy" for Ryan Hall II. Dan says that the papers are coming in regular and that sometime after Easter they will be taken down to the Burlington station. The proceeds of this drive will go to help the Overseas Program sponsored by the NFCCS to help students abroad.

SAC Debates

Continued from page 1

serve under this program; whereas we feel this draft program as outlined in a recent executive order is the fairest yet proposed; be it resolved: That the St. Michael's Student Council, as a representative of the student body, go on record as being in favor of the said program and that the representative and senators from our state (Vt.) be notified of this stand."

After the reading of this letter the SAC was faced with the problem as to whether or not it possessed the power to represent the entire student body of St. Michael's on a subject of such magnitude. To what degree was the average student influence due to his possible future status if the proposal became a law? How fair would such a program be considering the inability of some to raise the financial means to go to college? How fair would such a program be to the many young men who do not plan to go to college at all? The big question was, did the majority of St. Michael's students support this draft proposal as the most desirable yet presented?

A vote was cast and the letter, quoted above, was killed by an eight to twelve majority.

Ramon de Jesus Delivers Science Paper At Yale

For the second straight year, St. Michael's College students have done research on a paper which was given at the Fifth Eastern Colleges Science Conference at Yale University last Saturday.

SMC Ties St. "A" In Recent Debate

The Debating Club of St. Michael's met with St. Anselm's here Tuesday afternoon and debated on the question: Resolved, that the non-communists nations of the world should form a new international organization. The team from St. Michael's took the negative position. They were Dave Mullin and Bob Flanagan. Don Doyle and Alex Lalinski of St. Anselm's presented the affirmative. Judge O'Neal was the critical judge of the debate which ended in a tie.

This active club plans to make another trip April 26 to 29. They will visit and debate with Fordham, N.Y.U., Manhattan, Columbia and C.C.N.Y. On the way to New York the club expects to stop off at Albany and meet R.P.I. and Siena.

Ramon de Jesus of Malabon, Rizal, Philippine Islands, delivered a paper upon which he collaborated with John Medrek, (336 Chestnut St., Springfield, Mass.) Both are seniors. In their study of the effects of Sodium Thioglycollate on the growth and mitotic rate on roots of allium cepa, they were assisted by Anthony Garofano, 22 Church St., Rutland, Vt., senior, and John C. Fulmer, 3 Beechwood Lane, Rye, N.Y., sophomore.

David Mauzerall, 11 Vaness St., Sanford, Maine, president of the Honorary Chemistry Society, and de Jesus were official college delegates at the conference. Rev. T. D. Sullivan, S.S.E., chairman of the biology department, was the faculty delegate from St. Michael's.

De Jesus gave an original paper last year at the conference which was held at Barnard College. Invitation to give an original paper is one of the highest honors that can come to a science student.

VA Gives Survey

Continued from page 1

repairmen and weather observers.

Rising explained how its new job prospect survey will be used in counseling veterans.

"The counseling process itself consists of detailed interviews and tests which point up a veteran's interests, aptitudes and abilities," he said. "Results of the interviews and tests enable the VA counselor to help the veteran make a sound selection of a course of training."

"At this point, the occupational outlook survey enters the picture. By taking it into consideration, the veteran with the help of his occupational advisor can decide upon training that not only fits his capabilities, but also serves the welfare of the nation."

Counseling is required of all disabled veterans planning training under Public Law 16, the Vocational Rehabilitation Act.

It is also available - but not required - for those who are considering training under the GI Bill and who want their training to play a direct role in this period of national emergency.

"The new job prospect survey has disclosed many changes in employment

SENIORS

GRADUATE RECORD EXAMINATION SCHEDULE

The Graduate Record Examination will be held in the Gymnasium on Friday afternoon, April 20, and Saturday, April 21, in accordance with the following schedule:

Friday afternoon, April 20

12:45 to 5:00 p.m.

Session I - Profile Tests

Saturday morning, April 21

8:45 a.m. to 12:00 M

Session III - Aptitude Tests

Saturday afternoon, April 21

1:15 p.m. to 4:30 p.m.

Session II - Advanced Tests

The Advanced Tests are tests in your major field of college study. Please consult the bulletin board outside College Hall to check the Advanced Test you have registered for. If there is no test available in your major field of study, you are excused from the Saturday afternoon session.

No student will be admitted to the testing room after the tests have started. Please be on time for all sessions.

If you are absent from the tests, arrangements must be made through the Counseling Office to make them up at a later date. For information about this see Mr. Hebert in Room 118, Old Hall.

"Come In Fellows and Browse Around"

I'm on the college newspaper;
I write the sports reviews.
The editors and leg-men, too,
Think Luckies are great news.
Sheila Joyce Tucker
Hofstra College

Be Happy- Go Lucky!

LUCKIES TASTE BETTER THAN ANY OTHER CIGARETTE!

Fine tobacco—and only fine tobacco—can give you the perfect mildness and rich taste that make a cigarette completely enjoyable. And Lucky Strike means fine tobacco. So if you're not happy with your present brand (and a 38-city survey shows that millions are not), switch to Luckies. You'll find that Luckies taste better than any other cigarette. Be Happy—Go Lucky today!

L.S./M.F.T. - Lucky Strike Means Fine Tobacco

Yes, you will like a Lucky Strike—
Of this there's no denial.
Help yourself to pleasure, friend,
And give L.S. a trial.

Gary A. Braga
Iowa State College

A military life I lead—
It's Hup-Two, Hup-Two-Three.
But after drill I feel refreshed
With L.S./M.F.T.
